BOOK SYNOPSIS

In late 2008, artist and creative director Christian Kieffer began his retro revival, when he brought WWII nose-art pinups to life. He began shooting some of his handpicked beauties with a P-51 Mustang and the sky was the limit from there. With the successful release of his 2011 Warbird Pinup Girls calendar, featuring all flight worthy WWII fighter planes and authentic classy pinup girls, they took the retro world by storm. With the help of his wife and creative partner, Gili Kieffer, they became renowned for recreating the most authentic pinup girls. Now in their 5th year of production comes the release of this special edition book featuring many unseen works by the creative duo.
